*Leadership does not begin with a strategy.  
Leadership begins with sharp questions and  
right perceptions. Leaders ask:*

1. *How do I multiply my people's capacity  
in the next 3 years?*
2. *How do I put the right human talent in  
the right place?*

*The core philosophy behind Mindful  
Leadership is that businesses do not  
compete, business leaders do.*

*"Phenomenal learning  
and a lot of reflection to be  
taken through."*

- Ravi Kumar Dikshit,  
Managing Director, Accenture
