

8th PAN IIM

WORLD MANAGEMENT CONFERENCE

VIRTUAL EVENT

DECEMBER 16 - 18, 2021 | INDIAN INSTITUTE OF MANAGEMENT KOZHIKODE

Conference Theme:

RESPONSIBLE BUSINESS FOR SUSTAINABLE DEVELOPMENT

GLOBALIZING INDIAN THOUGHT

The impact of business and development on our planet and society has assumed center stage, especially since the turn of the new millennium. Political leaders, policy makers, business leaders, researchers, academicians and other thought leaders from various walks of society have sought to grapple with the sustainability agenda, in multiple forums. As extant models of business and development struggle to emerge with big-impact solutions for this seemingly intractable issue, the relevance of alternatives, such as traditional Indian thought leadership and their ability to influence decisions in a global arena, take on humungous significance. Accordingly this conference seeks to debate and reflect on responsible business and sustainability related imperatives that can be grounded in wholesome lessons from our past and traditions. Towards this end, this year's conference focuses on the above theme.
